

Carter and Holmes Orchids

“Quality Orchids for 62 Years”

Welcome to our 2009 Fall Catalog. This is the third catalog we have issued since the first of the year, and like the others, this one contains many “First Time” crosses and clones. We have also brought back some favorites from earlier catalogs. (If you did not get copies of our spring and summer catalogs please let us know and we will send them to you.)

As always, we **guarantee safe arrival and complete satisfaction with your order.** We ship the year around and always check the weather. Visit our web site at www.carterandholmes.com for more extensive listings and culture information. **We are pleased to offer free packing and shipping for 10 or more items from our catalogs or web site.** We pack and ship smaller orders for one low charge of \$17.00 (in the contiguous US), and we send free bonus plants of our choice for every five plants you order.

(Some conditions apply, and minimums apply to wholesale and orchid society orders.)

8261 *Trichopilia suavis* (photo below)

We are pleased to offer once again this exotic and easy to grow plant. Good sized pink and white blooms appear in Winter-Spring on compact plants. Even better is the slightly sweet **Fragrance!** 2.5” pots, \$12.00 (limit one)

M9578 *Cattleya harrisoniana* ‘Volcano Queen’ AM/AOS (photo below). One of the best of this popular species, awarded in 2007. Round, full blooms on upright stems. (Summer) Very nice **Blooming Size** plants. 3.5” pots, \$22.00 (limit one)

M7854 Blc. *Hwa Yuan Grace* (photo above). Large, dramatic flowers are produced on one of the most vigorous plants we offer. The flowers have heavy substance. Beautiful plants. (Summer) 3.5” pots, \$22.00. 4” pots, \$27.00. (limit one)

We have a new representative in Canada, Orchids in Our Tropics. See the back of the order form for more information.

8852 *Cattleya warneri* alba ‘Newberry’ AM/AOS x self (photo right). The flowers measure 7 inches across with up to 6 on a stem. Glistening white flowers are produced on attractive plants with broad foliage. A choice color form of a **rarely seen species.** Get yours while we have a good supply. Fragrant. (Late Spring) 2.5” pots, \$12.00.

M7431 *Cattleya bowringiana* var. *superba* ‘Augusta’ AM/AOS (photo above). **The best we have seen of this species,** with great shape and a good display. One of the best for beginners. (Fall) 2.5” pots, \$16.00.

M7830 Bc. Mem. Crispin Rosales 'Pine Knot' AM/AOS.
 A special favorite of ours. They start flowering while still young and are even more spectacular when mature. Round, full blooms in a vivid rosy-lavender. (Fall) We offer two sizes. **Near Blooming Size**, 3.5" pots, \$22.00 and **Blooming Size** 5"-6" pots, \$35.00 (limit one)
(photo above shown courtesy of Walton Ray)

7561 Bc. Mem. Cecil Barrier 'Black Luster' AM/AOS x Lc. Blackstocks 'Fall Beauty' (photo above).
 Great promise for deep velvety reds and purples! Large, fragrant, fall blooms. 3.5" pots, \$18.00. (limit one)

M7616 C. Penang 'Black Caesar' AM/AOS (photo above). Large clusters of very dark purple blooms make this classic Jones and Scully clone a must have. Easy grower. (Fall) The plants we offer here are large and ready to be moved up a size (or two!). 3" pots, \$18.00.

M7934 Bc. Chia Lin 'Shinsu #1' AM/ JOGA (photo above). A **new size** for this magnificent Japanese Grand Prix winner. Large, Dark and Fragrant! (Fall) **Near Blooming Size**, 4" pots, \$27.00.

8141 Lc. Mini Purple 'Tamami-4N' x Slc. Precious Katie 'Newberry Red Velvet' (photo of first bloom seedling). This delightful miniature produces vivid fuchsia blooms on tiny plants. (Various) *L*, **Blooming Size**, 2.5" pots, \$12.00.

M7134 Lc. Mishima Luster 'Jean' AM/AOS (photo above). This clone has waxy red-purple blooms on bifoliate growth. **Candy-like fragrance!** (Early Summer) 2.5" pots, \$16.00.

8119 Bc. Chia Lin 'New City' x Eagle Island 'Sangria' AM/AOS (photo above). You can expect the best quality reds from this superb cross. (Fall) 2.5" pots, \$12.00.

M6491 Lc. Lake Cachuma 'New Spring' (photo above). One of the best classic spring lavenders. Ruffled and **fragrant!** (Winter/Spring) 3.5" pots, \$22.00. (limit one)

Note: In this catalog you will see *L* in the descriptions for certain plants. This means they are suitable for artificial light culture or for growing on window sills, due to mature size and light requirements.

M7918 Blc. Rugeley's Mill 'Mendenhall' HCC/AOS (photo above). Though the plants are compact, this clone produces good sized dark **RED** blooms of heavy substance. (Fall) 2.5" pots, \$16.00. (limit one)

M5769 Hawkinsara Koolau Sunset 'Hawaii' AM/AOS (photo below). This compact grower is definitely a show off! Stems have clusters of velvety red blooms. (Fall/Variou) 3" pots, \$18.00.

M7930 Hasegawara Red Stella 'Hawaii' AM/AOS (photo above). These little beauties have upright stems of non-fading reddish orange blooms atop dark green foliage. Flowers are red even during the warmer months! (Various) *L*, We are offering beautiful **Bare Root Dug-ups**, ready for 2.5" pots, \$12.00. **Near Blooming Size.**

8407 Slc. Rockette 'Christmas Sun' x **Slc. Hobcaw 'Newberry'** (photo left). Miniature cattleyas are always a favorite and we think this **new** hybrid by Greg Uzar will be no exception. We expect compact plants with round orange blooms. *L* (Fall/Variou) 2.5" pots, \$12.00. **Near Blooming Size.**

M8991 Blc. Waianae King 'Kosaki' (photo above). This **new** clone is a must have. Large Orange-Peach blooms with ruffled lips on well held stems. Plants are vigorous and recommended for the novice grower. These are Limited, order early. (Winter) Fragrant 2.5" pots, \$16.00 (LIMIT ONE).

8165 Slc. Circle of Life 'McConnell' x **Blc. Malworth 'Orchidglade'** FCC/AOS. Another **new** miniature hybrid courtesy of Alex McConnell. These should be vividly colored blooms with great shape on compact plants. *L* (Fall/Variou) 3" pots, \$16.00.

M7271 Lc Butterfly Wings 'Orchid Library' (photo above). This clone of a Jones and Scully cross makes a stunning show of blooms in mid-winter. Great for Show Season! Tall plants with stems of splash-petaled blooms. (Winter) 3.5" pots, \$22.00.

For more Bare Root Dug-ups at great prices, please see our complete listing on page 13.

7773 Blc. Saint Helena Sound 'Newberry' (photo above) x **Pot. Susan Fender 'Cover Girl'**. Both parents are large, shapely yellows with red lips. Some 'art shading' on petals is possible. **New and Recommended!** 3" pots, \$16.00.

Generally, we estimate the time until flowering for standard cattleyas as the following: 2.5" pots - 2-3 years; 3" pots - 2 years; 3.5" pots - 1-2 years; 4" pots - Near Blooming Size - 12-18 months; 5" plus pots - Blooming Size - within 12 months. Miniature cattleyas are blooming size in 2.5" pots and compact cattleyas are blooming size in 3"-3.5" pots.

8115 Pot. Marlene Lundquist (photo below) = (Pot. Classy Lady 'Pauline's Peach' HCC/AOS x Blc. George King 'Southern Cross' AM/AOS). A remake using the exact parents as the original cross. We expect more awardable peach to orange flowers. (Winter) 2.5" pots, \$12.00. *(The awarded 'Orange Delight' clone is shown below courtesy of Keith Davis.)*

7972 Blc. Waikiki Gold 'Lea' HCC/AOS x L. briegeri 'Star of Brazil' HCC/AOS (first bloom seedling shown above). We are starting to flower these and they are definitely something special. Rapid and easy growers. *L* (Various) Large **Blooming Size**, 2.5" pots, \$12.00.

8440 C. Sans Souci 'Mendenhall' x C. Johnette Bowers 'Madonna' (photo above). You can be assured of large, round classic whites. We used two of our favorites to make this hybrid. **FRAGRANT** (Fall/Winter) 2.5" pots, \$12.00.

7586 Blc. Kathryn Elizabeth Brooker. (photo right) (Blc. George King 'Southern Cross' x Blc. Toshie Aoki). We have flowered a few and they are a delicate contrast of creamy white or light yellow petals and rosy-purple lips. Some will have petal flares from the Toshie Aoki parent. **FRAGRANT!** We now have larger plants in **Near Blooming Size**, 4" pots, \$22.00. *(The 'Susie' clone is shown at right courtesy of Harry Gallis)*

M7273 Blc. George King 'Southern Cross' AM/AOS (photo above). We have a good supply of this wonderful clone. Soft yellow blooms with peach lips are produced in winter. **Fragrant** 2.5" pots, \$16.00.

M7272 Iwanagara Apple Blossom 'Mendenhall' (photo above). **New Larger Pot Size.** Delicate pink coloring at edges of petals. Upright stems of star shaped blooms appear on previous years growth. **Very Fragrant!** (Winter/Spring) **Blooming Size**, 4" pots, \$27.00.

M2576 Lc. Gaiety Flambeau 'Mendenhall' (photo left). Large heads of splash-petaled blooms on tall growths. Beautiful bifoliate grower. Everyone should have this show-stopper. (Spring) 2.5" pots, \$16.00.

8363 (Bc. Whitewater Falls x Lc Ann Follis) 'Newberry' (photo above) x Bc. Williette Wong 'The Best' AM/AOS (photo right). We are expecting large yellows with reddish lips from this **NEW** cross. The Whitewater Falls x Ann Follis parent has many blooms per stem and the Williette Wong has huge size. They will have great vigor and good stems from the bifoliate ancestry. These should be spectacular! **FRAGRANT** (Summer/Fall) 3" pots, \$16.00.

8195 Bc. Mem. Helen Brown 'Sweet Afton' (photo right) x C. bicolor 'Newberry Beta' 4N. We are quickly selling out of this new **GREEN** cross. We have combined the showy Helen Brown with our tetraploid C. bicolor, and are pleased with the resulting vigorous plants. (Summer/Fall) 2.5" pots, \$12.00.

M8056 Bc. Binoso 'Kirk' AM/AOS (photo below). **NEW!** This clone from the primary cross between C. bicolor and B. nodosa, is prized for its bright green petals and spotted lip. Great for Beginners. *L* (Summer) 2.5" pots, \$16.00 and **Near Blooming Size**, 3.5" pots, \$22.00.

8196 Bc. Mem. Helen Brown 'Sweet Afton' (photo top right) x Bc. Williette Wong 'The Best' (photo above). Expect large quality yellow blooms with red lips. **FRAGRANT** (Summer/Fall) 2.5" pots, \$12.00.

8456 Epi. cristatum 'Ty' x Epi. pseudepidendrum 'Mendenhall' AM/AOS (photo is a seedling from this cross). This is turning out to be a **most interesting** hybrid. Tall reed-stemmed growth habit with pendant clusters of blooms. (Spring/Summer) 2.5" pots, **Blooming Size**, \$12.00.

8630 Epi. Crystal Valley x Epi. immatophyllum (photo shown above is a first bloom seedling). Most of these are flowering white or light pink on very compact plants. An easy-growing addition to your collection. (Winter/Various), 2.5" pots, **Blooming Size**, \$12.00.

8650 Encyclia guatemalensis. Long, arching, branched stems of dark chocolate/burgundy colored blooms with white lips. **New and Choice.** We have a good supply of these. (Spring/Summer) **Near Blooming Size**, 2.5" pots, \$12.00.

M8065 Epi. Rene Marques 'Flame Thrower' HCC/AOS. (photo above) Tall pseudobulbs produce long, pendant stems of colorful blooms. A good grower and great for beginners. (Winter) 2.5" pots, \$16.00, **Blooming Size.**

M7270 Laelia lobata 'Jeni' AM/AOS (photo above). A **New** clone of the **rare** concolor pink form of the species. Upright stems hold 5-6 blooms in early Spring. 2.5" pots, \$16.00. (limit one)

8350 Cattleya mendelii semi-alba 'Carlos Arango' x self (photo above). Soft white petals with a purple wash of color in the lip **NEW! Choice!** (Spring-Summer) 2.5" pots, \$12.00.

8319 L. purpurata v. carnea 'Trumpet Song' x 'Bion' HCC/AOS (photo above). Large trumpet shaped pastel blooms. We are offering this **New** vigorous growing hybrid in a larger size (Spring) 3.5" pots, \$18.00.

M7937 Lc. Eximia coerulea 'Sea God' (photo below). We can again offer this clone originating from the collection of Raymond Burr at Sea God Nurseries. The tall slender pseudobulbs and foliage are topped with large clusters of showy blooms. Petals are light blue-grey with deeper lavender-blue lips. **Fragrance** is reminiscent of Gardenias. (Summer) 2.5" pots, \$16.00. (limit one)

8609 L. tenebrosa 'Taylor Bronze' AM/AOS (photo above) x L. tenebrosa (aurea x 'Rainforest' FCC/AOS). Great pedigree on both sides all but guarantees we will see awardable plants from this cross. Vigorous plants of this Brazilian species. (Summer) 2.5" pots, \$12.00.

8819 Cattleya mossiae coerulea (photo above). A popular and hard to find blue form of the 'Easter Orchid' from Venezuela. **Fragrant,** (Spring) 2.5" pots, \$12.00. (limit one)

8387 Bc. Binoso (first bloom seedling pictured above). This remake was made using our best green C. bicolor 4N and a B. nodosa with vivid spots on the lip. A wonderful plant for beginners! (Various) 2.5" pots, \$12.00.

8172 C. Walkerinter coerulea (photo of walkeriana parent). Compact and robust growers. These should be the 'blue' lipped form. (Spring) 2.5" pots, \$12.00.

M7846 Cattleya lueddemanniana 'Arthur Chadwick' HCC/AOS. (photo above). One of the best light forms of this classic species. **Fragrant** (Winter-Spring) 2.5" pots, \$16.00. (limit one)

7878 C. loddigesii 'Elen' x C. loddigesii **'Martinelli'** (photo above). Quality parentage for both stunning blooms and vigorous growth. Pale lavender-pink on upright stems. (Winter) 2.5", \$12.00.

8222 C. intermedia var. aquinii (photo above). This species with its peloric flares is in the background of many modern day splash petals. Compact bifoliate growth habit. Some will have more flares than others. (Winter) 2.5" pots, \$12.00.

7473 Lc. Cheryl Mills = (Lc. Coastal Splendor x Lc. Log Cabin) (photo above). Upright stems from the L. anceps parentage hold large, striking semi-alba blooms. **New!** (Winter) 2.5" pots, \$12.00. (photo above shown courtesy of Walton Ray)

8142 Lc. Lake Wateree 'Mendenhall' x Lc. Melody Fair **'Mishima'** (photo right). There is promise for high quality semi-albas in this hybrid. We expect large, classic shaped blooms with some tip flares from the Lake Wateree parent. A **Fragrant** fall bloomer, 3" pots, \$16.00.

M6487 Lc. C. G. Roebling 'Sentinel' HCC/AOS. New, **Larger Sizes** of this favorite blue clone. Blooms are similar to Lc. Eximia (see facing page). Very **Fragrant**. (Fall) 3.5" pots, \$22.00 and 4" pots, \$27.00.

8143 C. Swan Lake 'Cimmaron Valley' AM/AOS (photo above) x C. Sierra Blanca. A stunning **NEW** cross for showy, magnificent, large whites. **Fragrant** (Fall) 2.5" pots, \$12.00.

M6937 Cattleya Horace 'Maxima' AM/AOS (photo above). A classic well known parent, but also wonderful in its own right. Every collector should have one. (Winter) **Fragrant**, Beautiful 2.5" pots, \$16.00.

8144 C. Dubiosa 'Scullys' x C. Horace **'Maxima'** AM/AOS (photo above). A **New** cross using the incomparable C. Horace. We are expecting mid-winter round light lavenders on upright stems. 3" pots, \$16.00.

LOTUS POTTERY

Sturdy terracotta pottery perfectly made for showcasing beautiful Orchids. Available in an array of styles and glazed in an exciting assortment of colors. Decorative slits in the sides allow for ventilation of roots while drain holes keep the plant from sitting in water. See our website for availability.

Psychopsis (photo above) are also known as 'Butterfly Orchids', and we have some of the best hybrids available, with large, broad flowers. Showy bronze and gold blooms appear one after the other for years on the tall, upright stems. The foliage is also beautiful, many have green and wine colored variegation. We offer two pot sizes, including a new larger 5".

9686 Our grower's will select the best plants.

Blooming Size, 3.5" pots, \$35.00 and 5" pots, \$45.00.

7726 Bulbophyllum echinolabium (photo above).

We like to call this one the 'Yosemite Sam' orchid and you can see why. The flowers will average 16 inches from top to bottom. Very vigorous growth habit. Sequential bloom stems will flower anytime of year. *L* **Near Blooming Size**, 3" pots, \$16.00.

8799 Lycaste schilleriana x lassioglossa 'Fieldcrest'. We expect large, well shaped, dark colored blooms from this **new** cross. These have proven to be rapid growers. Maybe yours will be the first to flower! (Spring-Summer) 2.5" pots, \$12.00.

8301 Gongora sanderiana. Exotic, long stems of flowers cascade down from the sides of the pot. **Rare and Choice!** (Spring-Summer) 2.5" pots, \$12.00. (photo courtesy of Lourens Grobler)

8479 Bulbophyllum frostii (photo right). The 'Dutch Shoe Orchid'.

A Vietnam native and oh so easy to grow! A **miniature** must-have for every collection. Keep it moist and grow in shady conditions.

L (Various) **Blooming Size**, 2.5" pots, \$12.00.

8149 Den. Yellow Ribbons

'Delight' x self (photo left). We are hoping for more clear yellows from this selfing. Sturdy canes and lush green foliage make this a beauty even when not in bloom.

(Winter-Spring) **Blooming Size**, 2.5" pots \$12.00.

“Pansy Face” Orchids
Milioniopsis

Milioniopsis Orchids (photo shown left) are relatively easy to care for and are very rewarding with their long-lasting flowers. Mature plants are expected to produce arching bloom stems of 6-8 flowers in spring through early summer. Blooms carry a light ‘Fresh Cut Roses’ scent. Delightful! We picture first-bloom plants of these crosses.

We offer here three crosses in **Blooming Size**, 2.5” pots, \$12.00.

8168 Miltonia Anne Port ‘Pink Satin Doll’ x Avranches ‘Bullseye’.
 Both parents are tetraploids with exceptional shape and coloring.

8169 Miltonia Shadow Brook x Anne Port ‘Pink Satin Doll’.
 Many of these will have the dark ‘mask’ over pale pinks and whites.

8170 Miltonia Avranches ‘Bullseye’ x Anne Port ‘Pink Satin Doll’.
 A reverse of the first cross, very round and full light pinks.

~~~~~  
**9685 Milioniopsis Collection**, One each of all three hybrids in 2.5” pots for a collective price of \$30.00 plus shipping & handling.

**M5753 Oncidium Sharry Baby ‘Sweet Fragrance’ AM/AOS (photo above).** Long sprays of **“Chocolate Fragrance”** flowers appear on vigorous plants. Everyone should have it! (Various) 3.5” pots, \$18.00.

**8257 Oncidium undulatum (photo above).** This has also been known as Onc. luridum and Trichocentrum undulatum. Our plants are from the Central American form. “Mule ear” leaves, with tall spikes of flowers. (Spring-Summer) 2.5” pots, \$12.00. (photo courtesy of Lourens Grobler)

**8314 Miltonia spectabilis v. moreliana ‘Jean’ AM/AOS x ‘Newberry’ AM/AOS (photo above).** Large, impressive purple blooms in early Summer. Very warmth tolerant. **Blooming Size** plants in 2.5” pots, \$12.00.

**8008 Stenochoryne vitellina x self (photo left).** A little jewel for every collector. Tiny plants produce arching bloom stems of golden, bell shaped blooms. Easy to grow and flower. \*L\*, **Blooming Size**, 2.5” pots, \$12.00.

**M5598 Toumnia Popoki ‘Mitzi’ HCC/AOS (photo right).** These miniature plants produce upright stems of vivid red flowers. One of the easiest Tolumnias to grow. Great for beginners. \*L\* (Winter-Variou) 2.5” pots, \$16.00.

**M8964 Phal. Carolina Yellow Fantasy 'Golden Showers' (photo right).** Golden blooms with peach colored lips are well held on arching bloom stems. Mature plants can bloom twice a year. (Spring/Vari-ous) \*L\* **Blooming Size**, 3" pots, \$16.00.

**7884 Phal. (Hatsuyuki x Asian Elegance) x Dtps. Winter Clouds 'Mendenhall' AM/AOS (photo above).** These will be some of our best and largest whites yet. Long showy stems of huge, round blooms expected. (Winter/Spring) **Blooming Size**, 3" pots, \$ 12.00.

**8184 Dtps. Pink Flamingo x Phal. Mary Brooks (group of first bloom seedlings pictured right).** These seedlings are turning out to be everything we had hoped. Upright stems of large light pink-lavender blooms. Some will have reddish lips and others faint stripes in the petals. Each plant will be special and unique! \*L\* (Spring) **Blooming Size**, 3" pots, \$12.00.

**8401 Phal Hilo Lip 'Newberry' x Mary Brooks 'Mendenhall' AM/AOS.** We have bloomed quite a few of these this year and all of them have exceeded expectations. Medium-light pinks with the classic white Hilo Lip. Add to that the wonderful Mary Brooks growth habit and you've got a winner! \*L\* (Spring) **Blooming Size**, 3" pots, \$12.00.

**Phal. violacea 'Rofino'**

**Phal. bellina**

**Phal. violacea coerulea**

**9684 Special Phalaenopsis Species Collection.** The species shown above are available as a [Special Limited Offering](#). Known for their sweet FRAGRANCE, the scent will remind you of a candy shop. We will send one of each, in a **Near Blooming Size**, 2.5" pot for a **collective price of \$32.00 plus shipping & handling**. (limit one collection per customer.) *(Please Note: These plants are available as a collection only.)*

### *Consider Orchids as Gifts*

Each year we ship hundreds of orchids as gifts for occasions such as Birthdays, Holidays, and Anniversaries. Our budded phalaenopsis, oncidiums and cattleyas make excellent gifts, and we usually have several other genera in spike or bud. We have a selection of decorative containers to 'dress up your orchid' and you can also include a message to further personalize your gift. Ask about our '[Blooming Orchid of the Month](#)' plan, another great gift.

**M8693 Dtps. Martha Dolge 'Apricot'** (photo top left). A very unusual offering! Not often seen, this combination of crisp white petals and soft apricot lip makes a stunning show. This clone actually blooms better in the warmer months. Arching stems of blooms appear on these robust plants in late spring-early summer.  
**Blooming Size**, 4" pots, \$22.00.

**8178 Phal. Newberry Pink Chiffon** (photo above) (*Maki Watanabe x Mary Brooks*). A remake of a successful cross. You can expect award quality pink blushes from this pairing. \*L\* (Spring) Very nice **Blooming Size**, 3" pots, \$12.00.

**M9550 Phal. Mistral's Sunrise Flame 'Mendenhall'**. Long lasting apricot-peach blooms on upright stems. A Must Have for Every Collection! \*L\* This time we are offering **Blooming Size, Bare Root Dug-ups** ready for 3" pots, \$12.00.

**M8965 Phal Flight of Birds 'Flutterby' HCC/AOS** (photo right). Still a favorite of ours after all this time and soon to become one of yours! Heavy, wax-like blooms with vivid markings make this one unforgettable. For a **Limited Time**, we are offering these as overgrown **Blooming Size** plants ready to be moved up. (Spring)\*L\* 3" pots, \$16.00.

## Paphiopedilum sanderianum

**8015 Paph. sanderianum 'Nature's Glory'**(photo left) x **Paph. sanderianum 'Dark Beauty'**. The 'Dark Beauty' clone is the darkest we have seen. The most vigorous of our sanderianum sibling crosses. 2.5" Pots, \$25.00 and 3.5" Pots, \$50.00.

**8017 Paph. sanderianum 'Dark Beauty'** x **Paph. sanderianum 'Newberry Tresses'**. A great combination for dark blooms with long graceful petals. Beautiful plants 2.5" Pots, \$25.00 and 3.5" Pots, \$50.00.

**Culture:** Paph. sanderianums are relatively easy to grow, though slow to establish when repotted. They prefer a medium fir bark mix and small containers. They will bloom and be happy in 3.5" to 4" pots. They like brighter conditions than most paphiopedilums and somewhat more fertilizer. Once considered extinct in nature, they are now heavily protected. The greatest danger to them appears to be forest fires in their native Indonesia. Although some poaching continues, artificially grown seedlings help to protect the wild plants.

**All of the plants offered above were grown from seed in our laboratory. Current CITES regulations do not allow us to export Paphiopedilum sanderianum or any other paphiopedilum species.**

**6953 Paph Saint Swithin (photo right)** (*philippinense* var. *laevigatum* x *rothschildianum*). Our first plant to bloom is pictured on the right and **it was surely worth the wait!** Tall, upright stems of large blooms with long (6''+) petals. Our remake of this popular multi-floral is a must-have for all collectors. (*This cross does require a bit more light to bloom than most paphiopedilum hybrids.*) (Summer) Large, healthy 3.5'' pots, \$27.00.

**8274 Paph Genevieve Booth (Mount Toro x rothschildianum)**. Another wonderful multi-floral using excellent parents. Blooms will be similar to the Saint Swithin pictured. (Spring/Summer) Very nice plants in 2.5'' pots, \$16.00.

**7576 Paph Pinocchio (photo above)**. Our most popular **ever-blooming** hybrid. A wonderfully easy and vigorous grower, this plant is perfect for beginners. Longlasting blooms will appear sequentially on stems for months or years at a time. \*L\* (Various) **Blooming Size**, 3.5'' pots, \$27.00.

**8267 Paph moquettianum**. This species is one of the parents Paph. Pinocchio. Still a very easy plant to grow and flower, the sequential blooms are somewhat darker than the above photo. \*L\* (Various) Two Sizes Available, 2.5'' pots \$16.00 and **Blooming Size**, 3.5'' pots, \$27.00.

**8278 Paph Julius (photo left)** A primary cross between *rothschildianum* and *lowii*. Large, impressive displays of richly colored blooms are expected. This multi-floral will bloom younger than the rothschildianum parent which carried the pod. (Spring/Summer) 3.5'' pots \$27.00. (*Bare-Root Dug-ups of the reverse cross, 8269, are available on page 13*)

**8927/9015 Paph Meda Ballard (photo left)**.

A remake of the surprising combination between the sequential species, *primulinum*, and the complex hybrid, Denehurst. Results are good-sized yellow and white blooms on easy-to-grow plants, usually with 2-3 flowers per stem. (Spring/Summer) \*L\* 2.5'' pots, \$16.00.

**8275 Paph Song of Love. (photo right)** (*liemianum* x *lowii*). We have new plants of this favorite. Blooms are a delightful contrast of lavender and light green. Semi-sequential stems produce several blooms over a period of months. (Spring) 2.5'' pots, \$16.00.

We are pleased to accept telephone orders during our normal business hours. If you would like to charge to a credit card account, please have the account number handy when you place your call.

## *Trays and dug-ups (bare root) from trays.*

### **Free packing and shipping includes trays and dug-ups from trays! (see restrictions)**

This new tray and dug-up listing has some of our most popular items and some new ones. Phalaenopsis and Paphiopedilum trays are planted 84 per tray and we guarantee at least 70 plants. Other full trays are guaranteed to contain at least 100 plants (we plant 128 per tray). For every 5 trays you order you may choose one at \$250 or less as a free bonus. No other discounts apply to tray purchases. Dug-ups are selected bare-root plants from trays. All of these are limited. (Some have lower prices than previous lists.)

Orchid orders that include trays must total at least \$500 for free shipping. Orchid orders that include dug-ups must total at least 10 or more plants for free shipment. Bonus plants, orchid society discounts, and wholesale discounts apply to orders for dug-up plants the same as they do to orders for orchids in pots.

|                                                                                              | Dug-Ups/Trays |

# ORCHID GROWING SUPPLIES

We are pleased to list a selection of orchid supplies for the hobby grower. These are products we use at our nursery and we recommend them to you without hesitation. If you require items or sizes not listed, we will be happy to check availability and phone with pricing or you may visit our Website.

These prices do not include shipping. Heavy or bulky supplies may be shipped separately from orchid orders to reduce shipping costs and avoid damage to plants. In this case, we charge our customers actual shipping cost for supplies.

## BOOKS

September 18,19, 10:00 am - Making your own hybrids

October 16,17, 10:00 am - Guest Speaker

November 20,21, 10:00 am - Paphiopedilum Culture

7465 *Ansellia nilotica* (photo to left). This is also known as the "Leopard Orchid", and is native to central Africa where the leopards live. The bloom stems arise from sturdy pseudobulbs, and sometimes carry 20 or more flowers. Easy to grow. (Spring) 3.5" pots, \$18.00. (limit one)

**M9119 Phal. Looking for Matthew 'Newberry'** (Photo above is our first mericlones to flower). Dark green, round foliage. Bloom stems on mature plants will branch nicely. \*L\* (Spring) We are offering **Blooming Size** plants in 3" pots \$16.00.

**COME TO SEE US!** We welcome visitors during our business hours, and there are always interesting things to see. Coming from the north or south on Interstate 26, take exit 76 (Highway 219). Come to Newberry on this street and it will become Main Street. Proceed on Main until you reach the town square. At the stoplight in front of the Hampton Inn you will turn left on Nance Street. From that intersection we are approximately three miles to the south off Nance Street (Hwy 395). Look for our sign on the right and turn right onto Mendenhall Road. We are 1/2 mile on the right.

**(DO NOT use Mapquest or Google directions!)**

**SOUTH CAROLINA CUSTOMERS PLEASE ADD  
7% SALES TAX TO ALL PURCHASES.**

In our summer catalog we mistakenly offered mericlones of Phal. Looking for Matthew 'Newberry' (photo above) using a photograph of Phal. Looking for Matthew 'Mendenhall'. If you purchased this plant, please correct your label. Plants of the 'Mendenhall' clone are not available. We are sorry for our mistake. Anyone who purchased plants of the 'Newberry' clone labeled as 'Mendenhall' may receive credit for the purchase price on their next plant order.
